full bench of the interstate commerce commission today opportunity was given for the eastern trunk line railway companies to make answer to the statement regarding the alleged injustice of their plea for an increase of freight rates, embodied in the statement of Clifford C. Thorne of Iowa, who is acting as the spokes man for the state railway commissions of eight middle western states. Mr. Thorne issued a statement criticising the railroads of the east and reflecting upon the integrity of their figures and the statistical information. which they have furnished beretofore to the commission. The issue has been clearly drawn by Mr. Thorne He has alleged that by skillful manipulation of the books of the railways it has been made to appear that during the past four years the maintenance account has increased in such a ratio as to make the rate increase obligatory.

pictures. It gets the detail sharp and strong, gives full color value, and is free from halation. No matter how inexperienced you are, you can depend on it every time. Ansco Film fits any camera-made especially for the superb Ansco. We have both.

THE ANSCO SIGN

### Weak, Inactive Kidneys Cause Much Trouble

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these in for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harniful drugs.

### The Fight in Congress

There could be no stronger proof furnished, of the change political conditions which has come about in this country, han the present line-up in Congress over the request of President Wilson that there be no "free tells" on the Panama canal. Aligned against the President on the matter of canal tolls ere many of the leaders of his own political party.

Mr. Underwood, chairman of the Ways and Means com mittee, who has been of the greatest assistance in bringing about he enactment of legislation recommended by the President on the tariff question and the money question is numbered among the most implacable of President Wilson's opponents. Speaker Champ Clark, for a long time one of the great leaders of the Democratic party bas taken his stand with the opposition. And so on through the list. Many men, prominent in the leadership of the opposite party have lined up in support of President Wilson. The rank and file of the members of Congress are lining up without regard to politics or the attitude of former

Never before has any proposal been sent to Congress which has so disarranged party lines and it is doubtful if ever before a President was so opposed by leaders of his own political party

Many partisans of the President see in the reallignment in Congress a real menace to party success, but the great majority of the people attribute no such result to the present battle.

Independent thinkers and students and unprejudiced observers of political events see in the present battle in Congress, a hopeful sign that the end of blind partisanship is near at hand if it is not already here.

President Wilson sees in the free tool provision, not only a violation of the spirit of the treaties with Great Britain, but the familiar face of special privilege and he demands that there be no discrimination, in reference to the Panama canal tolls, shown American ship owners. He believes that it is that old idea of taxing the many for the benefit of the few appearing in an unexpected place and garbed in different apparel.

It is not strange, in view of the underlying principles, that some members of President Wilson's own party should line up against his proposal. Some of the leaders in the president's own party, judging from the records, have always inclined to the idea of special privilege, while there are many who call themselves members of the opposing party who are in line with President Wilson on the question of special privilege.

It is encouraging to see party lines obliterated and the leg- day, colder in north and central porislators lining up for a fight on principle.

Great men have differed on this question of special privilege and they still differ on that question.

The situation is not one that calls for a resort to cheap political tricks and jingo editorials are decidedly out of place at

It is not a question of "bowing to England's demands" nor of "staying by a platform promise." The question is one of right and wrong on principle and should be so dealt with.

The weight of sentiment seems to be decidedly with the President and the probability is that, notwithstanding his powerful opponents, the majority of Congressmen will line up on his side.

### Two Decisions of Supreme Court Have Killed Food and Drug Law

By Dr. HARVEY W. WILEY, Pure Food Expert

THE supreme court gave a body blow to the drug section of the law when it announced in the Johnson cancer case that the clause forbidding false and misleading statements APPLIED ONLY TO THE CONSTITUENTS OF THE MEDICINE AND NOT TO ITS DRUG PROP-ERTIES. Congress at once proceeded to correct, the fault pointed out by enacting a clause as an amendment, bringing curative claims into the scope of the law.

I SINCERELY HOPE THAT SIMILAR ACTION WILL BE TAKEN IN THE CASE OF THE PRESENT DECISION. TO PERMIT THE UNRESTRICTED AD-DITION OF POISONS TO FOODS UNLESS SUCH CAN

BE SPECIFICALLY INJURIOUS PARALYZES THAT SECTION OF THE LAW RELATING TO HARMFUL ADULTERATIONS AS COMPLETELY AS THE FORMER DECISION PARALYZED THE DRUG SECTION.

In these two decisions the supreme court has KHLLED THE FOOD AND DRUG LAW. Under the present decision a man may add traces of arsenic to food with impunity. Strychnine and other drugs of a poisonous character also can be thus added. The fault, according to the upreme court decision, consists in the phrase "which may prove harmful to health." The people should call upon congress immediately to STRIKE OUT THAT PHRASE.

The United States gave it the name Alaska-a corruption of the native Al-ay-eska, meaing "a great country" The inhabitants numbered a few hundred whites and a few thousand natives. There were no roads. Com-

### **Good News for You!** Pain Disappears!

Have You Heard About "The Road to Quick Relief"?-Better Get Acquainted With Speedway.

There's more joy for you in one pottle of Speedway than in a whole year of spring days. For Speedway does take the aches and pains away

Speedway is for those tired, stiff joints-for bruises and sprains-for rheumatic limbs that make you wince every time you move.

Limber up with Speedway! Feel frisky and fine by simply applying this magic balm. It feels good when you use it-you feel like a new person afterward.

bing gently until the skin glows-is just the thing. For Speedway cannot burn or blister the skin. It's as soothing and pleasant as toilet water. It cannot stain the flesh or the daintiest fabric, beaing a kind and gentle remedy-and just as sure as it is agreeable

Suppose you go-the first minute you get the chance to Blackmer & Tanquary, or Christopher's or Baldwin's and buy a bottle of Speedway. Better get the large size, and use it faithfully-then you will absolutely receive the results promised or the druggist will return your money.

Speedway was discovered and successfully used for years by a good old Scotch physician. Now it is given to "No, we had fried chicken,"-Bal- the world-ready to prove your "road to quick relief." Try it now.

# Food prepared from cereal

grains supports life and strength better than any other single food product. Wheat bread is the universal food of civilization because the gluten in it furnishes the greatest amount of digestible nutrients.

Aristos Flour is made from Red Turkey Wheat. That means gluten superior in quality and quantity. No imperfect or unsound grain—just the single, hard, ripe, wholesome berry. This makes Aristos a strong, rich, water-absorbing flour. It yields bread of wonderfully better flavor, better crust, better texture. It makes the loaf that keeps fresh and palatable longest - the one that actually reaches the highest point of food efficiency.

See what unusually fine cake, bread and pastry it makes. Try Aristos Flour-learn all its merits for yourself. Your grocer has

Mr. and Mrs. James Poole and was the week end guest of his sister, daughter, Frances, of Middletown; Mrs. Miller Mintern. Mrs. Wm. Gib- Mr. and Mrs. Henry Dearth of Bloom son was also up from Greenfield vis- ingburg; Mr. James Chaffin, of New Holland; Mr. and Mrs. Wm. Long and children were the guests.

### TO MARRY COUPLES FREE.

ity Church In Chicago.

Chicago. - Marriage ceremonies for which no fee will be accepted is one of the innovations which will be inaugurated at Trinity Episcopal church in case a fund of \$10,000 a year can be raised to make possible the extension of the church's activities.

"We wish to make historic Trinity something like the Little Church Around the Corner in New York," declared Andrew R. Sheriff, chairman of the campaign committee, "It is proposed to have a clergyman in attendance at all hours of the day and night baptisms and marriage ceremonies and attend to the physical needs of the poor. An after midnight service on Sunday mornings for actors, newspaper people and those detained downsocial center work of the church will be greatly extended.'

At one time Trinity church had eighteen multimillionaires as members of its congregation. Many of the wealthy members have moved away, making the task of maintaining the church a serious problem.

### FARM AND GARDEN

GOOD SEED POTATOES. Washington, D. C., March 30 .-

the farmer should pay particular attention to seed potatoes cautions the Department of Agriculture, and the use of high grade seed would increase the returns from the potato crop of discoloration of the flesh or other the country by many millions of dollars. A conservative estimate of the ed. increase that might be expected certainly not less than 10 per cent. plants from each tuber are definite-Such an increase based on the average production of the past five years would amount to over 34,000,000 bushels, having an approximate value of \$21,000,000. Of the many causes which operate to produce a low average potato yield in this country, pure seed is an important one. The American potato grower pays too little attention to his seed potatoes.

The European growers, especially those of Great Britain and Germany, pay very strict attention to the quality and quantity of seed they use. This has led to the differentiation of the potato industry into seed and crop specialists. The seed specialist makes a business of producing highquality seed, while the crop specialtown late is also probable, while the list produces a high-grade table potato. No such differentiation, at least to the same extent occurs in this country. While it is true that in certain sections there is a well-developed seed potato growing industry but comparatively few growers in these sections are paying sufficient attention to the elemination of diseased and unproductive strains or to keeping the variety grown free from

WASHINGTON C. H., OHIO

Who Seeks Democratic Nomination For U. S. Senator.

OHN H. CLARKE was born at New Lisbon, O., Sept. 18, 1857. His father, coming from Ireland at the age of 16, settled at this place in 1830, where he became a prominent Democrat and an able lawyer, Young Clarke was graduated from Western Reserve College, admitted to the bar in 1878, and has practiced law ever since at Lisbon, at Youngstown, and finally at Cleveland, where he became one of the most prominent lawyers of the state. Mr. Clarke attained state prominence in politics to 1894, when, at the Democratic state convention, he made his celebrated attack on the United States senate, and advocated the election of United States senators, by, direct vote. In 1893 he was second in the balloting for governor at the state convention, although not a candidate. In 1963 he was nominated for senator at the state convention and made a notable campaign against Senator Hanna, repeatedly challenging Mr. Hanna, with out success, to blift debate. On two occasions he received the compil mentary vote of the Democratic members of the legislature for senator

mobbed for making it. From that ed by a prodigal use of money (as day until the day it was adopted, by has been since abundantly proved) ness." voice and pen, I constantly advocated prevailed for the hour against this the giving of this power to the peo progressive program and the men ple as a necessary measure of funda- | who championed it. mental Democracy

In 1903, at Akron, in opening the state campaign of that year, I made cided that the Democratic campaign the first argument by any candidate for important office in Ohio in favor of reducing railroad fare from three since garnered for themselves. cents to two cents per mile. The campaign made for this measure of justice in that year, and two years later, resulted in 'the two-cent fare act ] of 1906, which has literally saved millions of dollars to the car riders of

In the same campaign of 1903 as L. Johnson as our candidate for gov-ernor, in addition to the election of United States senators (secured in icies of the Wilson administration-1913) and two-cent railroad fare (obtained in 1906) we advocated

(1) Home rule for cities (obtained in 1912) and repeal of the George B. Cox board rule code (repealed in

(2) A salary instead of a fee system for payment of county officers (obtained in 1906), by which many millions of dollars have been saved to the people of Ohio.

(3) Reform of antiquated and unjust tax laws then filled with privdishonest men. (In process of accomplishment now.)

(4) The granting of franchises to subject to approval by a vote of the the state of Ohio. people (obtained in 1908).

(5) Prohibiting the provision cuscontracts that he who accepted benefits under them forfeited all right to sue for damages (obtained in 1908). (6) The publication of all campaign expenditures before election

# EXILED QUEEN

Natalie of Servia Presents Country With Mementos.

Berlin .- Ex-Queen Natalie of Servia has decided to forgive and forget her tragic history in the country where her unhappy married life was passed and where her son. King Alexander, and his spouse were assassinated. She has turned over 27,000 acres to the Belgrade university, a valuable collection of arms made by King Milan and King

Alexander to the National museum and the libraries of her husband and her son to the Academy of Science at the Servian capital.

Natalle became the wife of King Milan of Servia in 1875 at the age of sixteen. Her son, the ill fated Alexander, was born a year later, but by that time she and her husband were scarcely on speaking terms owing to his dissolute life. They separated in 1886 and Natalie went to Wiesbaden with her son. Two years later Milan succeeded in getting possession of Alexander and induced the metropolitan to grant him a divorce. This di vorce was later declared illegal.

Milan abdicated in 1889 in favor of

Prince Alexander. Queen Natalie, who thereupon returned to Servia, was forced to go into exile in 1891, but in 1894 both she and her husband returned in triumph to Belgrade and they were apparently reconciled. Their triumple however, was short lived. The hand of Russia was seen in Servian politics under the sway of Alexander, who drove his father into exile, and Queen Natalie again left the country, never to return. The tragic death of Alexander and Queen Draga followed in 1902 and Peter Karageorgevitch was called to the throne, the Obrenovitch dynasty being extinct. Milan had died in Vienna

Feel of Corpse Revives Him. Elwood City, Pa. - When Ed Wilfiams, a negro, who was thought dead revived, stretched his arms and touched a nearby corpse he "came to life" suddenly. With a yell he sprang from a stretcher on which he had been place ed and raced down the street with only a sheet as a covering.

Police to Stop All Swearing. Cleveland. O.-The police of this city have been ordered to halt all persons heard swearing and scold them.

here that the assault of General Villa on Torreon was repulsed or that some incident has prevented the attack The last word from the rebel general came in a telegram saying that the taking of the city was not a matter;

This was premature, for even General Carranza said on his arrival from the front and that evidently Villa had not yet taken the federal stronghold. The attack on that city began last Friday. There havev been no newspaper dispatches dealing with this attack, and the similarity of this situation with that at Gomez Palacio is pointed out as significants

When Villa was successful there he permitted the newspaper men to send their dispatches, but when he was repulsed, as he was twice, press messages suddenly ceased.

In Juarez it was confidently expected that news of the capture of the city would form the chief featur of the welcome to General Carranza, and the fact that no message of suc cess of any kind was awaiting him was accepted as indicating that the fate of the city was still in the bal-

### Carranza's Arrival.

General Venustiano Carranza, first chief of the revolution, was royally weeks the general has ridden horse miles in the same way. He looked the picture of health and vigor, a living contradiction to stories that he was feeble and that he had constant. recourse to stimulants in order to bear up. His appearance also brand-

All day automobiles and carriages streamed out of the road nast the race track and along the railroad to anmen, women and children in gala attire, each with a bit of the national red, white and green.

General Manuel Chao, military governor of the state of Chihuahua, who came here for the purpose of miles south of the city. Here General Carranza and his staff and the reception committee met and there ensued a long wait for the troop train bringing the horses and men of Carranza's own army.

Visitors were eager to catch a glimpse of the one man in Mexico whom General Villa recognizes as chief. He is a big man physically, and, despite his 65 years of age, looks as if he could still hod his own in a wrestling match or a bout with the gloves. His shoulders are broad and his chest deep. The beard alone was true to pictures-gray and of medium

General Carranza stated that no act or contract of the Huerta government would be recognized should the revolution succeed in capturing Mexico City. Huerta is not president of Mexico and none of his acts can be legal, and therefore none of them can be

sage from the front states that fight ing is still going on for the possession of Torreon. The telegram says that the rebels now hold all positions except the main barracks and two smaller barracks. In the last 24 hours it is reported that General Villa took Cerro de la Cruz and the Torreon foundry.

Constantinopie, March 30. - The Turkish government has decided to send the cruiser Hamidih, formerly the Abdul Hamid, to represent Turkey at the inauguration of the Pauama canal.

### The Fight in Congress

There could be no stronger proof furnished, of the change political conditions which has come about in this country, man the present line-up in Congress over the request of President Wilson that there be no "free tells" on the Panama canal. Aligned against the President on the matter of canal tolls

re many of the leaders of his own political party.

Mr. Underwood, chairman of the Ways and Means comnittee, who has been of the greatest assistance in bringing about the enactment of legislation recommended by the President on the tariff question and the money question is numbered among the most implacable of President Wilson's opponents. Speaker Champ Clark, for a long time one of the great leaders of the Democratic party has taken his stand with the opposition. And so on through the list. Many men, prominent in the leadership of the opposite party have lined up in support of President Wilson. The rank and file of the members of Congress are lining up without regard to politics or the attitude of former

Never before has any proposal been sent to Congress which has so disarranged party lines and it is doubtful if ever before a President was so opposed by leaders of his own political party.

Many partisans of the President see in the reallignment in Congress a real menace to party success, but the great majority of the people attribute no such result to the present battle.

Independent thinkers and students and unprejudiced observers of political events see in the present battle in Congress, a hopeful sign that the end of blind partisanship is near at hand if it is not already here.

President Wilson sees in the free tool provision, not only a violation of the spirit of the treaties with Great Britain, but the familiar face of special privilege and he demands that there be no discrimination, in reference to the Panama canal tolls, shown American ship owners. He believes that it is that old idea of taxing the many for the benefit of the few appearing in an unexpected place and garbed in different apparel.

It is not strange, in view of the underlying principles, that some members of President Wilson's own party should line up against his proposal. Some of the leaders in the president's own party, judging from the records, have always inclined to the idea of special privilege, while there are many who call Cloudy, with probably rain Monday themselves members of the opposing party who are in line with President Wilson on the question of special privilege.

It is encouraging to see party lines obliterated and the legislators lining up for a fight on principle.

Great men have differed on this question of special privilege and they still differ on that question.

The situation is not one that calls for a resort to cheap political tricks and jingo editorials are decidedly out of place at

It is not a question of "bowing to England's demands" nor of "staying by a platform promise." The question is one of right and wrong on principle and should be so dealt with.

The weight of sentiment seems to be decidedly with the President and the probability is that, notwithstanding his powerful opponents, the majority of Congressmen will line up on his side.

### Two Decisions of Supreme Court Have Killed Food and Drug Law

By Dr. HARVEY W. WILEY, Pure Food Expert

THE supreme court gave a body blow to the drug section of the law when it announced in the Johnson cancer case that the clause forbidding false and misleading statements APPLIED ONLY TO THE CONSTITUENTS OF THE MEDICINE AND NOT TO ITS DRUG PROP-ERTIES. Congress at once proceeded to correct, the fault pointed out by enacting a clause as an amendment, bringing curative claims into the scope

I SINCERELY HOPE THAT SIMILAR ACTION WILL BE TAKEN IN THE CASE OF THE PRESENT DECISION. TO PERMIT THE UNRESTRICTED AD DITION OF POISONS TO FOODS UNLESS SUCH CAN BE SPECIFICALLY INJURIOUS PARALYZES THAT SECTION OF THE LAW RELATING TO HARMFUL ADULTERATIONS AS COMPLETELY AS

THE FORMER DECISION PARALYZED THE DRUG SECTION. In these two decisions the supreme court has KHLED THE FOOD AND DRUG LAW. Under the present decision a man may add traces of arsenie to food with impunity. Strychnine and other drugs of a poisonous character also can be thus added. The fault, according to the supreme court decision, consists in the phrase "which may prove harmthe to health." The people should call upon congress immediately to minister came to dinner?" STRIKE OUT THAT PHRASE.

### Food prepared from cereal grains supports life and strength better than any other single food product. Wheat bread is the universal food of civilization because the gluten in it furnishes the greatest amount of digestible nutrients.

Aristos Flour is made from Red Turkey Wheat. That means gluten superior in quality and quantity. No imperfect or unsound grain—just the single, hard, ripe, wholesome berry. This makes Aristos a strong, rich, water-absorbing flour. It yields bread of wonderfully better flavor, better crust, better texture. It makes the loaf that keeps fresh and palatable longest - the one that actually reaches the highest point of food efficiency.

See what unusually fine cake, bread and pastry it makes.

Try Aristos Flour-learn all its merits for yourself. Your grocer has Aristos. Order a sack today.

GOOD SEED POTATOES. Washington, D. C., March 30 .-

This is the season of the year when the farmer should pay particular attention to seed potatoes, cautions the Department of Agriculture, and the use of high grade seed would increase the country by many millions of dollars. A conservative estimate of the ed. increase that might be expected certainly not less than 10 per cent. Such an increase based on the averwould amount to over 34,000,000 bushels, having an approximate value tween the units planted. This methof \$21,000,000. Of the many causes od also enables him to detect any which operate to produce a low average potato yield in this country, pure seed is an important one. The American potato grower pays too little attention to his seed potatoes.

The European growers, especially the campaign committee. "It is pro- those of Great Britain and Germany, posed to have a clergyman in attend- | pay very strict attention to the qualance at all hours of the day and night ity and quantity of seed they use This has led to the differentiation of the potato industry into seed and crop specialists. The seed specialist makes a business of producing highper people and those detained down- quality seed, while the crop specialto the same extent occurs in this country. While it is true that in certain sections there is a well-developed seed potato growing industry but comparatively few growers in these sections are paying sufficient attention to the elemination of diseased and unproductive strains or to Tokyo.-After eight years' work the keeping the variety grown free from

siderable number of the most perfectly shaped tubers of from 6 to 8 ounces in weight. When planted these tubers are quartered, as dropped, into 4 as nearly equal parts as possible. This is done by splitting the bud-eye cluster in each direction from seed to stem end of the tuber. The 4 pieces of each tuber are dropped consecutively in the row at a distance of from 10 to 12 inches apart in the furrow. All tubers showing the returns from the potato crop of discoloration of the flesh or other evidence of disease should be reject-

By allowing an additional space between each set of fours, the four plants from each tuber are definitely isolated from adjoining ones, and age production of the past five years the grower can readily observe any variation in vigor and uniformity bemixtures that may occur in the vari-

American Telephone-the Bell system-has invested in poles \$40,000, 000. Its 15,460,000 miles of wire is largely copper, and this copper has a market value on current quotations of over \$85,000,000. In underground cables the value of lead and tin as raw material is \$37,000,000. To put these poles, copper wires and lead conduits in place would involve a labor cost of as much more. Telephone buildings, numbering over 1,000 all over the country, growing at the rate of 100 or more yearly, represent a cash investment of \$44,-000,000. They furnish a specialized central station equipment for the housing of 90,000,000 of switchboards. The army which President Vail commands numbers 150,000 and is probably the largest operating force, excepting only the Steel Corporation. Tharp in State Journal,

HON. JOHN H. CLARKE. Who Seeks Democratic Nomination For U. S. Senator.

TOHN H. CHARKE was born at New Lisbon, O., Sept. 18, 1857. His father, coming from Ireland at the age of 16, settled at this place in 1830, where he became a prominent Democrat and an able lawyer. Young Clarke was graduated from Western Reserve College, admitted to the bar in 4878, and has practiced law ever since at Lisbon, at Youngstown, and finally, at Cleveland, where he became one of the most prominent

lawyers of the state. Mr. Clarke attained state prominence in politics in 1894, when, at the Democratic state convention, he made his celebrated

attack on the United States senate, and advocated the election of United

States senators, by direct vote. In 1893 he was second in the balloting

for governor at the state convention, although not a candidate. In 1903

Look Forward With Concern to Speaker Clark's Speech.

6t in Herald & 1t in Register. 3c TO TALK ON TOLLS QUESTION

Some Apprehension Felt That If the Speaker Attempts to Arraign the President For His Espousal of the Repeal Bill, the Administration Will Be Forced to Declare War On the Man From Missouri.

Washington, March 30. - Demo cratic leaders who are anxious to been aroused in the party organization in congress over the Panama canal tolls bill look forward with conern to the address on the question that will be delivered in the house tomorrow by Speaker Clark. Fear is expressed that if Mr. Cark attempts a vigorous arraignment of Mr. , Wilson for his espousal of the repeal bill that the administration will at once be forced to declare war on the Missourian. It will be for Mr. Clark to determine whether the party fight ing for a strenuous

dacy in the Baltimore convention cinnati. Messrs. Dubois and Pettigrew are regarded as enemies of the administration. To the blunders committed by Dubois and Pettigrew at Baltimore was attributed, in part at least, the defeat of Mr. Clark by Mr. Wilson.

Lewis Suggests Compromise.

Oratorical strife over the repeal was renewed today in both the senate! and house, in the latter general debate being resumed on the Sims bill, leading up to the final vote in that branch of congress probably late Tuesday night or Wednesday.

In the senate discussion revolves around one of the many side issues that have arisen. Senator James, Hamilton Lewis fathers a resolution and bill he has introduced to follow

Her illness which was of but a fortnight's duration, was of a serious nature from the beginning and Saturday morn-

Dr. and Mrs. Salisbury have lived church and social circles. Mrs. Salisbury was president of the Los Angeles branch of the Needlework Guold of America and has been officially identified with the Young Women's Christian Association and the women societies of Immanuel Presbyterian church for years.

She was a member of the Friday Morning club and was popular and greatly beloved in a very large social circle. She leaves, besides the widower, Dr. Samuel S. Salisbury three children-Miss Helen Salisbury who has filled the office of field secretary of the Y. M. C. A. for a number of years; Stuart Salisbury, a young attorney of this city, and Charles Salisbury, who is just completing a medical course in New York.

Mrs. M. S. Creamer, in a letter just the mine situation generally. received by her mother, Mrs. J. F Dennis, gives an account of the funeral, conducted in the Immanuel Presbyterian church by the pastor. Dr. John Balcom Shaw

### Natalie of Servia Presents Country With Mementos.

EXILED

Berlin.-Ex-Queen Natalie of Servia has decided to forgive and forget her tragic history in the country where her unhappy married life was passed and where her son. King Alexander, and his spouse were assassinated. She has turned over 27,000 acres to the Belgrade university, a valuable collection of arms made by King Milan and King

NATALIE, EX-QUEEN OF SERVIA.

Alexander to the National museum and the libraries of her husband and her son to the Academy of Science at the

Natalie became the wife of King Milan of Servia in 1875 at the age of sixteen. Her son, the ill fated Alex ander, was born a year later, but by that time she and her husband were scarcely on speaking terms owing to his dissolute life. They separated in 1886 and Natalie went to Wiesbaden with her son. Two years later Milan succeeded in getting possession of Alexander and induced the metropolitan to grant him a divorce. This divorce was later declared illegal Milan abdicated in 1889 in favor of

Prince Alexander. Queen Natalie, who thereupon returned to Servia, was forced to go into exile in 1891, but in 1894 both she and her husband returned in triumph to Belgrade and they we apparently reconciled. Their triumph however, was short lived. The hand of Russia was seen in Serviau politics under the sway of Alexander, who drove his father into exile, and Queen Natalie again left the country, never to return. The tragic death of Alexander and Queen Draga followed in 1902 and Peter Karageorgevitch was called to the throne, the Obrenovitch dynasty being extinct. Milan had died in Vienna

Feel of Corpse Revives Him. Elwood City, Pa. - When Ed Wi fiams, a negro, who was thought dead. revived, stretched his arms and touch ed a nearby corpse he "came to life" suddenly. With a yell he sprang from a stretcher on which he had been place ed and raced down the street with only a sheet as a covering.

Police to Stop All Swearing. Cleveland. O .- The police of this city have been ordered to halt all persons heard swearing and scold them.
